

WHAT IS THE FUND'S OBJECTIVE?

The fund seeks to maximise long-term capital appreciation by investing primarily in a broad spectrum of listed equities.

WHAT DOES THE FUND INVEST IN?

The Equity Fund invests in the shares of companies listed on the Johannesburg Stock Exchange. The fund can also invest 25% in international equities, plus a further 5% in Africa (outside of South Africa).

There are no restrictions on how much exposure the fund can have to different sectors (for example, to mining, financial or industrial companies).

The fund will be fully invested in shares at all times. The fund is mandated to use derivative instruments for efficient portfolio management purposes.

IMPORTANT PORTFOLIO CHARACTERISTICS AND RISKS

Risk Profile

Maximum growth/
minimum income exposures

The fund's managers actively seek out attractively valued shares that could achieve strong investment growth over the long run. Rigorous research is conducted into the long-term potential of a company and whether it is attractively valued relative to other companies, before its shares are selected for the fund.

Shares can be volatile investments and there is a meaningful risk of capital loss over the short term. However, given its focus on attractively valued shares that could offer long-term growth, the Equity Fund may preserve capital better than its benchmark over the long run.

HOW LONG SHOULD INVESTORS REMAIN INVESTED?

The fund is managed to deliver the best possible returns over the long term; an investment horizon of 10 years or more is therefore ideal. It is not suitable as a single investment for investors who need to preserve their capital over five years or less.

WHO SHOULD CONSIDER INVESTING IN THE FUND?

Investors who are building wealth, and who

- are comfortable with full exposure to shares listed in South Africa;
- accept that the fund may underperform the market in the short term in pursuit of superior long-term gains.
- do not require an income in the short term.
- The fund is less concentrated than the Coronation Top 20 Fund, making it more suitable for investors holding only one equity fund.

WHAT COSTS CAN I EXPECT TO PAY?

An annual fee of a minimum of 0.75% and a maximum of 2.60%, depending on the fund's performance, is payable.

If the fund's return (after fees and costs) is equal to that of the benchmark, a fee of 1.10% will be charged. We share in 20% of the performance above the benchmark, up to a total annual fee of 2.60%. Performance is measured over a rolling 24-month period.

When the fund return is below the benchmark over a rolling 60-month period the fee is discounted by 0.35%.

All fees exclude VAT. Fund expenses that are incurred in the fund include trading, custody and audit charges. All performance information is disclosed after deducting all fees and other fund costs.

We do not charge fees to access or withdraw from the fund.
