

# CORONATION GLOBAL EQUITY SELECT [ZAR] FEEDER FUND

Fund Information as at 31 October 2025

## WHAT IS THE FUND'S OBJECTIVE?

Global Equity Select aims to give investors access to the best opportunities in global equity markets. The fund is biased to developed markets and actively seeks out attractively valued shares to maximise long-term growth. Our intent is to outperform the global equity benchmark over all periods of five years and longer.

## WHAT DOES THE FUND INVEST IN?

The fund invests in the shares of companies listed on equity markets around the world. The fund has a bias towards developed markets, typically holding at least 70% in developed market shares and up to 30% invested in shares listed in emerging markets. While our intent is to remain fully invested in shares, the fund is allowed to hold up to 20% of its portfolio in cash and bonds.

## IMPORTANT PORTFOLIO CHARACTERISTICS AND RISKS

Global Equity Select will only invest in shares we view as being attractively valued relative to other shares which may offer superior long-term investment growth.

The fund's share selection is the result of rigorous international research conducted by Coronation's investment team.

While we have a disciplined approach to reducing risk, shares can be volatile investments and there is a meaningful risk of capital loss over the short term. Global currency movements may intensify investment gains or declines.

This feeder fund aims to remain fully invested in units in the offshore domiciled Global Equity Select Fund. The only other assets that will be held at feeder fund level are local and foreign cash holdings for liquidity purposes.

## HOW LONG SHOULD INVESTORS REMAIN INVESTED?

The fund is managed to deliver the best possible returns over the long term; an investment horizon of 10 years or more is therefore ideal. It is not suitable as a single investment for investors who need to preserve their capital over five years or less.

## WHO SHOULD CONSIDER INVESTING IN THE FUND?

Investors who are building wealth, and who

- ▶ are comfortable with full exposure to shares listed in global markets outside South Africa;
- ▶ accept that the fund may underperform the market significantly in the short term in pursuit of superior long-term gains;
- ▶ hold other investments and are looking to add exposure to global equity markets;
- ▶ do not require an income from their investment.

## WHAT COSTS CAN I EXPECT TO PAY?

An annual fee of 1.25% is payable.

Of the annual fee, 0.40% is collected at feeder fund level, while the balance of the fee is collected in the master fund.

Only the component of the fund fee charged at feeder fund level is subject to VAT.

Fund expenses that are incurred in the fund include administrative, trading, custody and audit charges. All performance information is disclosed after deducting all fees and other fund costs. We do not charge fees to access or withdraw from the fund.
