This approach considers the external environment and strategic planning to identify key strategic risks, as well as identifying risks at the operational level.</p> <p>A framework, approved by the board, has been implemented. Improvements to the framework are ongoing so as to ensure that the management of risk is integrated into the organisation's overall corporate governance structures, strategy, planning, reporting processes, policies, values and culture.</p> <p>Coronation's Risk Management Framework more fully articulates the Risk Management Policy and guides the approach to risk management across the business.
